

DAVID CATALÁN

Collection AW24/25

The AW24/25 "The Blanket" collection from David Catalán draws inspiration from the fading artistry of Cobertores de Papa de Maçainhas and the timeless allure of Castelo Branco embroidery, forming a profound connection to the misty landscapes from Portugal's countryside, shepherds, granite villages, and their tranquil silence.

This narrative weaves heritage and craftsmanship into materials, spotlighting traditional wool and fabric alongside innovative structures, introducing denim sets, and embracing churra sheep wool imitation.

The color palette mirrors natural creams, deep browns, bay leaves' verdant hues, and the vivid sky, constructing a vibrant tableau.

Silhouettes embody relaxation, featuring oversized coats, knitwear, contemporary minishorts, and classic sweaters. Iconic denim sets take center stage, adorned with handcrafted 3D embroidery, reflecting a refined texture.

Crafted for the young and irreverent, "The Blanket" collection embraces a style transcending time, emphasizing sustainability through recycled fibers and environmental consciousness. It unfolds as an exploration of tradition and streetwear, symbolizing a commitment to a conscious and fashionable future.
