

CORDERA

Cordera was founded in 2008 by sisters Mónica and María. Focused on exceptional materials, meticulous craftsmanship, and timeless designs, the brand embraces an aesthetic that moves beyond fleeting trends, with a commitment to ethical production. Every piece is crafted using the finest locally sourced materials and ancestral techniques, ensuring uncompromising quality. Based in Galicia, Cordera's garments are 100% made in Spain, produced in small, family-run workshops that uphold traditional craftsmanship. We also collaborate with a women-led workshop in Guatemala, where each embroidery is handcrafted with care, preserving artisanal methods and reinforcing our global commitment to quality. At Cordera, we place people at the heart of everything we do, fostering long-term, respectful relationships and creating quality jobs for all our collaborators. We believe in fashion that combines luxury, sustainability, and social impact—fashion that matters. Cordera's collections embrace effortless elegance with shapes and designs that reflect both discretion and luxury. Designed for slow fashion, each piece is made to last, with a focus on high standards and sustainability. The result is a wardrobe of timeless quality, where conceptual design and craftsmanship converge.

Thank you for supporting our vision.

A beating heart. Two eyes that blink.

Magic unfolds in an instant—an unparalleled moment, unique and fleeting in time.

Dresses with tops meticulously crafted from intricate beadwork, a labor of days, each detail carefully constructed. Hands that create a mosaic, piece by piece, from our designs. Floating balloon dresses that accentuate the delicate interplay between material and silhouette, a harmonious union. Beaded embroideries and crochet collars shape a collection rich in texture and meaning—works of art that embody our romanticized vision of femininity. Proposals that remain true to the concept of garment-space, elevating the figure presence. Leather bags and shoes embossed with a crocodile-texture finish. A color palette that spans from the intensity of red, symbolizing strength and emotion, to the softness of peach, evoking purity and sweetness. Emotions that endure but for a moment. Like the time it takes for the eye to blink or the heart to beat.
